Head injuries	David Symmons
Limb injuries	David Symmons
Pregnancy and Paediatrics	Sonni Kibob
Intraosseous Injection workshop	DS, SK
Revision	David Symmons

Thanks

Dr Peter Baumne for organizing the venue, refreshments and equipment

Commentary

The course was run over two days to allow a second course to be run in Goroka within the 1 week period. It was quite efficient to do this, but resulted in a lot of teaching time and less practical sessions.

David Symmons
