

PTC Course report

PTC Course:

Date : Feb 13-14,2007

Venue : Patan Hospital, Lagankhel, Lalitpur

Co-ordinator : Dr Rajesh Gongal

Executive Summary:

This course was attended by 24 participants. Although it is the intention to limit the participants to 20, the enthusiasm of the participants makes this difficult. The course went smoothly. We had two new instructors who were instructing for the first time namely Dr Jay Shah and Dr Prabin Thapa. They were guided by the senior faculty namely Dr Rajesh Gongal and Dr Bruce Hayes. Both of them were keen to perform and did quite well.

The participants were a mixture of residents from different hospitals from Kathmandu. The feedback from the participants were very encouraging.

Participants:

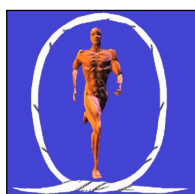

PTC Course Feb 13-14,2007, Patan Hospital

no	name	post	hospital
1	Dr Asis Shrestha	MDGP	PH
2	Dr Bimal Pandey	ER resident	PH
